

Empowering
women, girls
& community

Intensive Case Manager

The YWCA is a community-based organization with a mission to empower women and the community through leadership, advocacy, programming and services.

The Role

The Intensive Case Manager (ICM) provides system navigation, safety planning and housing supports to families experiencing domestic abuse in the Bow Valley. The 3 main areas of focus are:

- Housing and supports
- Crisis management, advocacy and referral
- Counselling and safety planning

Your Contribution

- Provide a continuum of care for women transitioning from shelter to supportive, independent housing
- Provide services and supportive counselling
- Develop and maintain partnerships with community agencies and landlords in the Bow Valley
- Support data collection and evaluation of programs and services

Skills and Expertise

- Experience working with people and families experiencing intimate partner violence
- Knowledge of housing and homelessness systems an asset
- Proven results working in a team environment with an openness to self-reflection and continued growth
- Strong organizational and analytical skills, confidence working independently and with a diverse client population, and effective problem solving abilities

Qualifications & Experience

- Bachelors degree in social work, psychology or a related field, or comparable experience
- Minimum 2-3 years' experience working in the area of domestic violence
